### BASE REQUIREMENTS

#### High-Efficiency Particulate Air (HEPA) Vacuum Cleaners

**REQUIRED FOR EACH FAMILY RECEIVING HOME VISITING INTERVENTION.** Purpose: Remove dust from flooring and fabric reservoirs. Prevent particles and other airborne irritants and allergens from releasing back into indoor air. Models with and without bags allowable. If bagless, family MUST be instructed on how to empty appropriately (outdoors). If the vacuum requires bags, please provide a small supply of bags for future use.
